**BEAUTIFULLY CRAFTED SECURITY FOR  
YOUR PEACE OF MIND.**

**COMPOSITE DOORS**

Our Magnum Composite Door range incorporates everything we have learnt about High Performance Doors ensuring that we can make it easier for you to buy a better door. Available in a choice of classic colours, with subtle or stunning contemporary glass designs, the Magnum Composite Door will make a bold statement in any home. With it's tough GRP skin and the latest in high security hardware, your new Magnum Composite Door will give your home a level of protection that makes those inside feel safe and secure, offering the strength and thermal insulation, more than SIX times that of a traditional timber door.

**NEW** All doors are now fitted with the Ultion Lock as standard. With it's patented Lock-Down mode, it offers unrivalled levels of security to keep your home and family safe.

**AT A GLANCE**

5 point locking system with hooks and roller cams

**ULTION** lock as **STANDARD**

Triple sealed - giving double the weather protection of a standard flush door

Impact-resistant thermoset GRP skin will not expand, contract or crack

Maintenance free - just wipe clean and never needs painting

High Performance Insulating Core
